Zoning Permit General Information Town of Theresa – Dodge County, Wisconsin

Building Permit from the Building Inspector is required:

1. To build a new dwelling and attached structures or any structure with electricity.
2. To remodel a dwelling.
3. To make any structural change to a dwelling.
4. To make major changes to a dwelling's mechanical systems. (Heating, Air Conditioning, Ventilating, electrical, plumbing, etc.)
5. To build or make changes to any commercial building. [commercial zoning, conditional Use Permit, and state permits are also required.]

Zoning Permit from the Town is required:

1. To build any new outer building (over 100 square ft. and under 960 sq ft.) that does not require inspection [A Conditional Use Permit is required for any building over 960 Sq. Ft. that is not being used for agricultural purposes.]

No permit from the Town or Building Inspector is required:

1. To **replace** a furnace, central air conditioner, water heater, or any other major piece of equipment in a dwelling.
2. To re-side, re-roof, install new **replacement** windows, finish interior surfaces, or install cabinetry in a dwelling.

After submission of a zoning permit:

The town board will inspect the property and/or determine if the plans meet the criteria of the current building and zoning ordinance.

Please note: A permit must be obtained before work can begin. Fines for noncompliance will be imposed. Forfeitures shall be not less than \$50 or more than \$500 for each day of noncompliance.
